# #1 – Over 2/3's of your clients are 'Visual Learners'

Visual learners need to 'see it',  
to understand & decide.

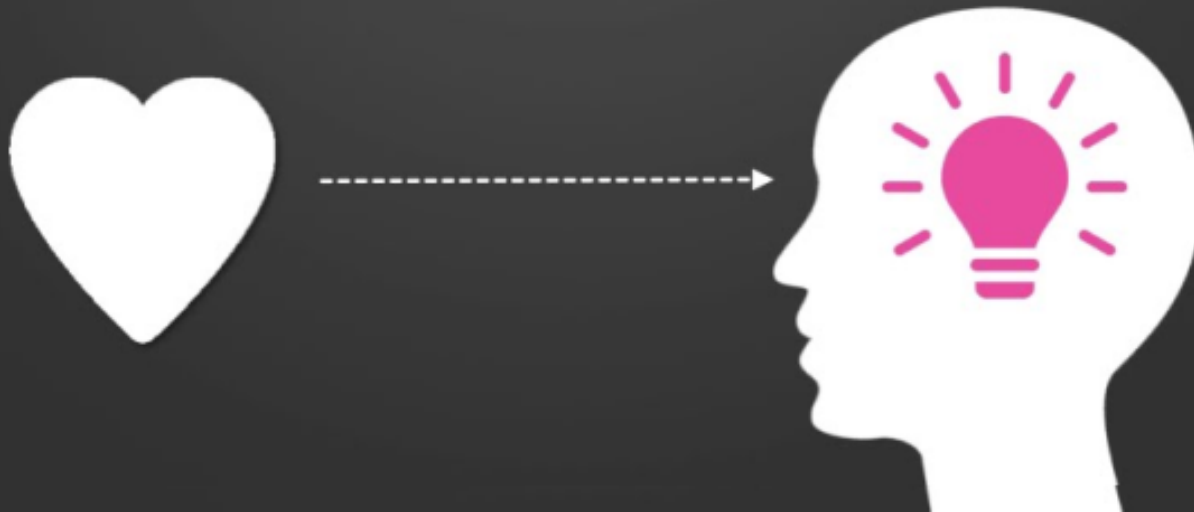

**Just think...**A typical decorating project has 20-30 different items and materials that your client needs to 'see'.  
(Hint: Make it easy, with 3Dream)

## #2 - Sell more..*faster*!

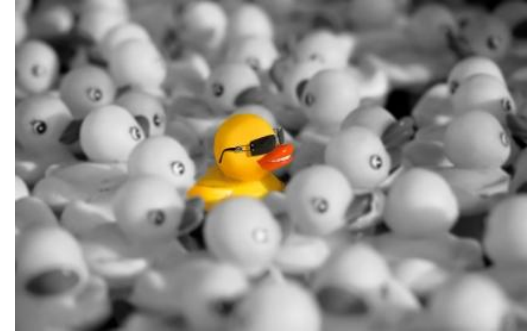

- Quickly connect to your client's emotions...
- Goal: To hear these 3 very powerful words: *"I want it"*

**If they can't see it, they can't love it!**

See it, love it buy it...ALL!

# #3 - Differentiation

## Stand out from the rest

- ✓ 3D design elevates you above 75% of your competition
- ✓ Enhance your professionalism
- ✓ Communicate better with pictures than with words

When you learn 3D, it's like learning a new language...one that your client already speaks!
